PROFESSIONAL SUMMARY

Freelance UGC and AI ads editor with 2+ years of professional AI experience and 3+ years of photo and video editing, academic and professional. Working as a freelance photo and video editor since late 2022. Uses AI prompts daily to produce UGC avatar ads, Pixar- and Disney-style 3D animated story ads, and realistic AI videos for TikTok, Instagram Reels, Facebook Reels and YouTube Shorts. Builds every ad around a strong three-second hook, a clear product demo and a call to action, in English and Filipino.

CORE SKILLS

- **Ad formats:** UGC avatar ads, Pixar- and Disney-style 3D animated story ads, realistic AI ads (drama and testimonial)
- **AI workflow:** Daily AI prompting for scripts, visuals, avatars and animated scenes
- **Editing:** Short-form video editing, photo editing, hook-driven pacing, captions, product demos, CTAs
- **Platforms:** TikTok, Instagram Reels, Facebook Reels, YouTube Shorts
- **Languages:** English (primary), Filipino (Tagalog) for local audiences

TOOLS

CapCut • Adobe Premiere Pro • DaVinci Resolve • AI platforms: Claude, ChatGPT, Google Flow, Higgsfield

PROFESSIONAL EXPERIENCE

Freelance AI Ads & Video Editor

Late 2022 – Present

Freelance

- Use AI prompts every day, with platforms such as Claude, ChatGPT, Google Flow and Higgsfield, to generate and refine content for short-form ads
- Edit UGC avatar ads that open with a three-second hook, show the product in a clear demo and close with a call to action
- Produce Pixar- and Disney-style 3D animated story ads that move from problem to product reveal
- Create realistic AI ads, including drama-style shorts and before-and-after testimonials
- Adapt each ad to the platform it will run on: TikTok, Instagram Reels, Facebook Reels and YouTube Shorts
- Write and edit ads in both English and Filipino to reach local and international audiences
- Handle photo and video editing in CapCut, Premiere Pro and DaVinci Resolve

Freelance Virtual Assistant

2020 – 2022

Freelance

- Provided freelance virtual assistant services to remote clients while studying
- Shifted my focus to mostly photo and video editing in late 2022

EDUCATION

Bachelor of Science in Computer Engineering

2019 – 2023

Bulacan State University, Bulacan

- Used AI prompts on a daily basis throughout college
- Completed academic photo and video editing projects that built the foundation for my professional work

SELECTED WORK

- UGC avatar ad: product demo (English, TikTok)
- Pixar-style and Disney-style 3D animated story ads (English, Instagram Reels and Facebook Reels)
- Realistic AI drama and testimonial ads (English, YouTube Shorts and Facebook Reels)
- Filipino UGC and animated story ads (Filipino, TikTok and YouTube Shorts)
